

# FORANE® FLUORO-CHEMICALS NEWSLETTER

## ARKEMA - [COVID-19: Arkema rallies around](#)

In the face of the current health and economic crisis that calls upon the energy and the spirit of solidarity of everyone, several of our products are being used directly in the fight against COVID-19. Our teams are making every effort to meet the surge in demand. Read a summary of how Arkema is rallying during this period.

## WEBINAR - [R-32: Benefits, Use and Handling in HVAC Applications](#)

Learn about Forane® 32 refrigerants for HVAC applications and the safe handling of A2Ls.

Key takeaways:

- Introduction of the benefits of Forane® 32 vs. R-410A and the effects on equipment change.
- Explanation of the flammability of A2L refrigerants, like R-32, and the safety designations.
- Sharing of best practices for the safe handling of R-32 as well as tools required for R-32

## VIDEO – [Know your source](#)

Counterfeiting of refrigerants and refrigerant cylinders is a serious issue across the globe, costing businesses and consumers millions of dollars per year. Counterfeit refrigerant products have been identified across Asia, the Middle East, Europe, and the United States. Many problems can occur from using counterfeit refrigerant product. Arkema takes the issue of counterfeit cylinders very seriously. Watch this video and learn how to identify, purchase and use authentic Forane® refrigerant products to ensure quality and safety!

## WEBINAR - [North America Regulatory Landscape for Insulation Foam](#)

It appears the expectation of state actions to align is less likely to occur. We want to give you the tools and information necessary to follow these developing issues and make informed decisions. This webinar can help you better understand the impact of state actions on compliance dates as well as the current situation of the state regulatory landscape.

Key takeaways:

- HFC phasedown: where it is and where it is going in 2021 and beyond
- EPA, U.S. States and Canada: what are they doing and when?
- How will it affect the foam industry?
