

FORANE[®]

REFRIGERANTS

Know Your Source

All Forane[®] refrigerant products meet the following qualifications

UL[®] CLASSIFIED

UL[®] (Underwriters Laboratories Inc.) has classified Arkema Forane[®] products as meeting the safety standards for refrigerants. These standards are written documents that outline the process in which a product is tested to help mitigate risk, injury, or danger. organization, combining extensive safety research, scientific expertise, and uncompromising focus on quality to help create a safer world. Arkema strives to meet the highest safety standards in the industry for its Forane[®] refrigerant products.

AHRI 700 STANDARDS

Arkema Forane[®] refrigerant products are blended and specify acceptable levels of contaminants (purity requirements) for fluorocarbon, hydrocarbon, and carbon dioxide refrigerants, regardless of source, and lists acceptable test methods.

we make life better™

ANTI-COUNTERFEITING TECHNOLOGY

Launched in January of 2017, Arkema implemented a brand protection initiative, which helps protect our customers from purchasing possible counterfeit refrigerant cylinders. Forane® refrigerant anti-counterfeit heat shrinks and labeling are rolling out on non-refillable, DOT-39 style packaging globally. The tamper resistant heat shrink and anti-counterfeit labeling can be found covering the valve of Forane® refrigerant non-refillable cylinders. The label contains several features that can easily be seen by the end user. Each of these features can be verified with the customer if a product is suspect.

- **Authentication QR Code**
- **Color-Shifting Film**
- **Holographic Film**
- **Human Readable Authentication Code**

For additional information regarding Arkema's anti-counterfeit initiatives, please visit our website: forane.com/en/forane-refrigerants/anti-counterfeiting

US-BASED MANUFACTURING

The Arkema Inc. facility that manufactures and packages our Forane® refrigerant R-134a, R32 and our HFC blends located in Calvert City, KY. Operating for more than 60 years, our plant has certified management systems for Quality, Environmental, and Safety (ISO 9001-2006, ISO 14001-2004 and OSHAs 18001-2007) and subscribes to the ACC Responsible Care Codes. Compliance of all these requirements are verified annually by successful completion of numerous audits and inspections by customers, 3rd party registrars, and governmental entities.
